Los Angeles Zoo

A Guide to Your Virtual Field Trip

Pre-Visit Resources

Thank you for joining us for a virtual field trip to your Los Angeles Zoo! The L.A. Zoo is an amazing place to experience nature. This field trip can be used by anyone, including teachers, guardians, and students. Use this guide to help you find the things you need to make this the perfect experience for you.

Have fun exploring!

Here are some ways you can prepare for your field trip.

Discussion Prompts

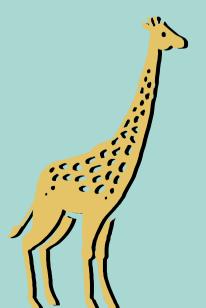

We are going to practice being scientists on your virtual field trip!

What do scientists do?

Draw a picture of a scientist or write a few sentences about what you think a scientist does.

How do scientists learn about the world around them?

They make observations, ask questions, and form hypotheses.

CRAFTS

- Binoculars
- Zoo Keeper Vest
- Newspaper Hat
- Nature Journal

SEE APPENDIX

Practice:

Make observations

"I notice"

Ask Questions

"I wonder"

Form Hypotheses

"I think"

Virtual Field Trip

Recreate the spirit of a field trip.

Getting Started

When you're ready to start your field trip, open our <u>Virtual Field Trip</u> presentation.

Click in the upper right hand corner.

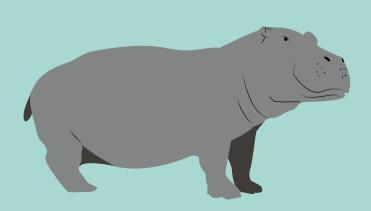

Have fun watching some of your favorite animals!

Choose Your Own Adventure!

Return To Menu

Make it Fun!

Encourage students to use their imaginations!

- Bring your binoculars, vests, or hats.
- Do a roll call.
- Take the bus to the Zoo. What do you see on the way?
- Sing a song on the bus.

Post-Visit Resources

Discussion Prompts

Tell a story about your favorite observation.

Telling stories is a great way to practice sharing what we think and hypothesize. What did you notice, wonder, and think about?

Watch: Forming Hypotheses Video

Find a SIT SPOT.

A sit spot is a place where you can safely observe nature. Spend 5-10 minutes & record what you notice, wonder, and think in your **nature journal**.

TAKE YOUR SKILLS OUTSIDE

Practice being a scientist at home. Remember scientists make observations, ask questions, & form hypotheses. See Appendix for how to make your own!

Share your findings with your fellow scientists!

Appendix

Here you will find additional resources to enhance your field trip. From activities and crafts to songs, and books, we encourage you to view these resources as inspiration. Be creative and let your imagination take flight!

BOOKS

The View At the Zoo

Welcome Home, Bear

The Loudest Roar

SONGS
